

большое количество ранее неизвестных фотоматериалов по истории краеведческого движения в Севастополе 20-х – 30-х годов XX века.

Ключевые слова: В. В. Акимченков, В. П. Бабенчиков, П. П. Бабенчиков, Севастопольский музей краеведения.

Yurochkin V. Y. Worthy replenishment of a treasury of the Crimean study of local lore / V. Y. Yurochkin // Scientific Notes of Taurida V. I. Vernadsky National University. – Series: Historical Science. – 2013. – Vol. 26 (65), No 2 – P. 152–155.

The detailed analysis of the monograph of V. V. Akimchenkov «Academy in a miniature» is carried out: Sevastopol museum of study of local lore (1923–1939)». The author the first in a domestic historiography made an attempt on the example of activity of one regional museum to show tendencies of development of the Soviet study of local lore of the 20th – the 30th years of the XX century. Work consists of five heads and final part, and also several appendices which in itself have scientific value. The author, during the research, attracted the extensive case of sources. Its most part is made by archival materials. In the monograph the accurate periodization of history of the Sevastopol museum of study of local lore that allowed to construct the story by the chronological principle is offered. A large number of earlier unknown photographic materials on stories of local history movement in Sevastopol the 20th – the 30th years of the XX century is introduced into scientific circulation.

Keywords: V. V. Akimchenkov, V. P. Babenchikov, P. P. Babenchikov, Sevastopol museum of study of local lore.
